To whom it may concern.

Hello,

My name is Dmitri Saltanovich, I am Software Engineer with over 12 years of professional experience and I believe that my experience, interests and credentials will match with your requirements.

I am a person having good grasping power; also I am responsible, highly motivated and punctual. Moreover I am a good people person, get along with people quite nicely and team player. As well, I am self-motivated and work well with tight deadlines.

In my last position at Path Interactive (remote contract position) working as a software developer I was responsible for developing and maintaining web application of different scale ranges working in team with other people as well on my own. I was expected to share my ideas and solutions with other team members and constantly learn and improve myself and do the best I can in any given web project.

My main area of expertise includes technologies such as ASP.NET, .NET Core, C#, Blazor, ASP.NET MVC, MS SQL Server, ADO.NET, Entity Framwork, MySQL, Web Services, JavaScript, TypeScript, ReactJS, Next.JS, NodeJS, ExpressJS, Bootstrap, TailwindCSS, HTML, CSS

As well experience working with Windows and Linux operating system (including installing Linux and creating full application environment).

I have an extensive (over 12 years) professional experience working with the most of above mentioned technologies.

I would appreciate your consideration for this job opening.

Sincerely,
Dmitri Saltanovich.
